

# PROGRAMME

## BILIOPANCREATIC ENDOSCOPIC AND EUS ADVANCED COURSE

SEPTEMBER 30<sup>TH</sup> TO OCTOBER 02<sup>ND</sup> 2021

UNIDADE  
BARRETOS

### CHAIRMAN

**Henrique Prata**

President, Hospital de Amor  
Hospital de Câncer de Barretos

### PRESIDENT

**Jacques Marescaux**

President, IRCAD  
University of Strasbourg, France

### DIRECTOR

**Armando Melani**

Americas Medical City  
Rio de Janeiro, Brazil

### COURSE DIRECTORS

**Guido Costamagna**

Catholic University  
Rome, Italy

**Everson L. A. Artifon**

HC-FMUSP  
São Paulo, Brazil

**José Celso Ardengh**

HC-FMUSP  
Ribeirão Preto, Brazil

### COURSE CO-DIRECTOR

**José Flávio E. Coelho**

UFRJ  
Rio de Janeiro - Brazil

### LABORATORY COORDINATOR

**Spencer Cheng**

HC-FMUSP  
São Paulo, Brazil

### LOCAL ORGANIZING COMMITTEE - HOSPITAL DE AMOR - HOSPITAL DE CÂNCER DE BARRETOS

**Gilberto Fava**

**Leonardo Taveira**

**Denise Guimarães**

**Kelly Giardina**

**Brunno Coutinho**

**Paula Botelho**

**Stéfano Silva**

### FACULTY & TRAINERS

Carlos Kiyoshi Furuya Junior (Brazil)

Ciro Garcia Montes (Brazil)

Claudio Solak (Brazil)

Djalma Ernesto Coelho (Brazil)

Edivaldo Fraga Moreira (Brazil)

Edson Ide (Brazil)

Eloy Taglieri (Brazil)

Everson Luiz de Almeida Artifon (Brazil)

Gabriel Favaro (Brazil)

João Guilherme Guerra (Brazil)

José Celso Ardengh (Brazil)

José Eduardo Brunaldi (Brazil)

José Flávio Ernesto Coelho (Brazil)

Leandro Kashiwagi (Brazil)

Mauricio Minata (Brazil)

Rafael Willian Noda (Brazil)

Raquel Canzi Almada Souza (Brazil)

Rodrigo Castaño (Colômbia)

Sergio Eiji Matuguma (Brazil)

Spencer Cheng (Brazil)

Thaís Nakadomari (Brazil)

Tiago Vilela (Brazil)

Vitor Brunaldi (Brazil)

**Thursday, September 30<sup>th</sup> 2021**

07:30 Registration

08.00 am Opening

L. Romagnolo

Introduction

J.C. Ardengh

**THEORETICAL SESSION – LIVE PROCEDURES**Chairpersons: E. Artifon / J. C. Ardengh**Biliary and Pancreatic Endoscopy**

08.00 am – 10.30 am Open Coffee Break during the live procedures

01.00 pm Lunch

**THEORETICAL SESSION****Basic Biliary and Pancreatic Endoscopy - Overview**Chairpersons: E. Artifon / J. C. Ardengh / R. Castaño

01:45 pm Handling equipment and accessories  
02:00 pm Papillary cannulation techniques—tips and tricks  
02:15 pm Endoscopic sphincterotomy - technical aspects  
02:30 pm When and how to do fistulotomy or precut sphincterotomy  
Discussion (10')

J. G. Guerra  
E. F. Moreira  
R.C.A de Souza  
C. Furuya

**Therapeutic Biliary and Pancreatic Endoscopy – Overview**Chairpersons: J. C. Ardengh / J. F. Coelho

02:55 pm Techniques in difficult bile duct stones  
03:10 pm Benign and malignant bile strictures. Which kind of stent to use?  
03:25 pm Endoscopic Papillectomy  
Discussion (10')

R. Castaño  
S. Matuguma  
E. Taglieri

**Basic Biliary and Pancreatic EUS – Inhection techniques and FNA - Overview**Chairpersons: E. Artifon / J. C. Ardengh / R. Castaño

03:50 pm EUS radial and sectorial anatomy  
04:05 pm EUS FNA proceeds – techniques details  
04:20 pm EUS-guided celiac plexus neurolysis  
Discussion (10')

E. Ide  
S. Cheng  
M. Minata

**Therapeutic Biliary and Pancreatic EUS – EUS – guided and EUS-ERCP hybrid procedures**Chairpersons: E. Artifon / J. C. Ardengh / S. Cheng

04:45 pm Pancreatic fluid collection and necrosis – EUS treatment  
05:00 pm EUS-guided biliary and pancreatic drainage after ERCP failure  
05:15 pm EUS-guided gastrojejunal anastomosis  
Discussion (10')

V. Brunaldi  
E. Taglieri  
S. Cheng

05.40 pm End of the day session

Friday, October 01<sup>st</sup> 2021

## THEORETICAL SESSION – LIVE PROCEDURES

08:00 am

### Biliary and Pancreatic Endoscopy

Chairpersons: E. Artifon / J. F. Coelho

09.00 am – 10.30 am Open Coffee Break during the live procedure

01.00 pm Lunch

## PRACTICAL SESSION – Experimental Laboratory

01:45 pm Laboratory Rules (*Auditorium*)

*E. Belmonte*

Over in ERCP “ex vivo” models - Positioning and alternative techniques of cannulation, sphincterotomy, papiloplasty, litotripsy (regular and urgent), sampling techniques on ERCP (brushing cytology, bile aspirate and bile duct biopsy), papillectomy, insertion of plastic and self-expandable metallic stents, sweeping stones, fistulotomy and pre-cutting, dilatation of the stenosis.

Over in EUS Models – EUS sectorial scanning anatomy, EUS-guided fine needle aspiration (lymph nodes, pancreatic cystic lesions and pancreatic masses) EUS-guided biliary and pancreatic drainage.

06.30 pm End of the day session

Saturday, October 02<sup>nd</sup> 2021

08:00 am – 12:30 pm **PRACTICAL SESSION – Experimental Laboratory**

09:00 am – 10:00 am Open Coffee Break

## PRACTICAL SESSION – Experimental Laboratory

Over in ERCP “ex vivo” models - Positioning and alternative techniques of cannulation, sphincterotomy, papiloplasty, litotripsy (regular and urgent), sampling techniques on ERCP (brushing cytology, bile aspirate and bile duct biopsy), papillectomy, insertion of plastic and self-expandable metallic stents, sweeping stones, fistulotomy and pre-cutting, dilatation of the stenosis.

Over in EUS Models – EUS sectorial scanning anatomy, EUS-guided fine needle aspiration (lymph nodes, pancreatic cystic lesions and pancreatic masses) EUS-guided biliary and pancreatic drainage.

12:30 pm End of the Session – Delivery of Certificate

12:30 pm Lunch

13:00 pm End of the Course

All our thanks for their crucial participation to:

and also to
